OUR AMERICAN VOICE® OAV Outside of School Day Permission & Waiver

Your child is currently, or has previously been, involved as a participant in the Our American Voice® program during the school day. Your son/daughter has expressed interest in participating in the very exciting after school portion of the program. It will involve a smaller group of students that is willing to put in time outside of school to work on a project to improve their school or community. They will practice problem solving, teamwork, communicating, and using multimedia, while getting hands-on experience participating in our democracy. The students will actually choose the issue and the adult facilitator will support and coach them.

To see some sample projects from past years, go to <http://ouramericanvoice.org/sites>.

Please look at the meeting times listed below to make sure you child can attend on a regular basis. It is also important that your child is cooperative and accepts responsibility while in attendance. If the attendance patterns or cooperation becomes a problem, the adult facilitator may have to revoke the privilege of participation. If that happens, the facilitator will talk with your child and notify you of this decision.
